PEN folding tables are the solution of choice for superb value and structural integrity. Versatile and all-purpose tables feature protective vinyl bullnose edges and steel aprons for durability. Choose from a variety of laminate edge and frame finishes. A range of performance options are suited to meet any user's need.

Folding tables offer a flexible option when maximizing space. Versatility and ease of use make folding tables the perfect solution for conferences, banquets, informal meetings or any space where tables are readily used.

Heritage™ Tables

Heritage tables provide superior quality and performance at a modest price. Featuring a high-strength, 1/4" thick solid core top with laminate. Heritage withstands stains, scratching, abrasion and hot liquids. Tables are available in seven different sizes.

Folding tables available in adjustable height that ranges from 23 3/4" to 34 3/4".

Honeycomb core tops provide a lightweight alternative. Solid core tops provide added durability.

All-steel aprons provide long-term durability. Legs fold within frame for easy handling and storage.
